

FOOD SAFETY POLICY

Unigra Food Processing Asia Pacific Food Safety Policy

In order to develop and produce safe and health-conscious food, Unigra Food Processing Asia Pacific Sdn Bhd gives the highest priority to building a Food Safety Culture and strategies that develop employees' competencies and raise awareness on food safety issues among all the interested parties.

The company's policy and mission have been implemented to provide products that meet the set quality and food safety objectives compliant with the Malaysia Food Act and other countries' export regulation and to commit to a continuous quality improvement of the manufactured goods.

Additionally, Unigra APAC's policy ensures that the required food safety measures are being accurately communicated to employees, customers, suppliers and all other interested stakeholders.
